

Scenario:

You are a person who has just graduated from college and recently got a job. You just moved into an apartment by yourself and feel lonely. You want to get a pet to keep yourself company but do not know what pet you want or where to get one. That is why you downloaded the Pet Finder App to get the perfect pet for yourself.

Task 1: Sign-up or login as a user.

Task 2: Answer the survey questions.

Task 3: Select the location to retrieve the pet from.

Notes

What changes you should make to your application (min 3 things):

1. Create a search bar page.
2. Create sign-in/up page.
3. Make better questions.

What you need to keep the same for your application (min 3 things):

1. Keep continue to survey or skip to search buttons.
2. Keep the hello/continue-to-survey/skip-to-search buttons.
3. Keep pet address page.
